**DESPERADOES KILLED**

Two Noted Lawbreakers at Last Come to Grief.

**ANOTHER CAPTURED**

The Men Fight a Posse of Twenty-Five in Tennessee and Two of the Posse Wounded by One Who Had to Be Shot Down.

Rogersville, Tenn., Sept. 8.—Jim Wright and John Templeton, noted Hancock county desperadoes, were killed and Wright's son captured by a posse of twenty-five headed by Joe Moss of Gate City, Va., early this morning. Templeton was killed instantly in the first engagement, and the boy was captured simultaneously. Jim Wright, however, retreated to a nearby house, where he engaged the officers until daylight, when he was routed and killed, as he could not be taken alive.

Wright was an escaped convict from a Tennessee penitentiary, where he was serving a sentence for murder.

Wright and Templeton are said to have killed as many as six men each. In the engagement Wright shot and wounded George Wolf of Spears Ferry, Va., and Dick Rogers of the vicinity in which the killing occurred.

The scene of action was about eighteen miles east of Rogersville, where a still hunt for Wright and Templeton has been kept up for many weeks.

Several crimes are said to have been committed to each of them.

**ASSAULTED BY PICKETS.**

Two Striking Italian Miners Taken for Armed Non-Union Men.

Wilkesbarre, Sept. 8.—Two Italian striking miners named Frank Portay and Sistine Vancostello left their homes in Swoyersville, near here early this morning to go on a hunting trip. As they approached the Harry E. colliery, they were held up by pickets, who mistook them for armed non-union men going to work. The

Vancostello was shot in the leg and his brains beaten out with stones and clubs.

Portay was knocked down, his gun was taken away from him and then his assailants beat him with clubs so his life is despaired of.

Sheriff Jacobs and a large number of deputies went to the scene.

Friends of the dead Italians have sworn vengeance, and threaten to kill the men who committed the assault upon their countrymen.

**Miners Excited Over Shooting.**

Wilkesbarre, Sept. 8.—A crowd of striking miners, mostly foreigners, remained all Sunday night around the lockup at Edwardsville where Hiram Fischer was confined. The prisoner was held up early Sunday night as he was returning from one of the mines where he is employed as coal and iron policeman. Thinking his life was in danger, he fired into the crowd and two of the bullets struck Mrs. John Kasmaugh, a Polish woman seated on the step of her house some distance away. After the firing of the shots Fischer was set upon by a mob and beaten so badly that he was left for dead on the road. Later he was taken to the town lockup where physicians were in attendance the greater part of the night. Notwithstanding his condition, a mob gathered outside of lockup and wanted to beat down the place and lynch him. A strong guard prevented this.

**Gale on Lake Ontario.**

Rochester, Sept. 8.—The gale which began on Thursday night is sweeping Lake Ontario from the west and paralyzing passenger traffic. Only the largest steamers have been able to put out, and they have had some exciting experiences. The storm is causing most trouble to the Quebec tourists who are flocking from the Canadian lakes and are in the north side ports, unable to reach home, except by train, which means a roundabout trip by way of Toronto. The United States life saving crews along the lake shore have doubled their watches.

**Provisional Government Pleased.**

Berlin, Sept. 8.—The German foreign office informs the Associated Press that the Haytian provisional government has communicated to Germany that Hayti regarded the Firminist gunboat, Crete-a-Pierrot, a pirate and that the interests of Hayti were untouched by the action of the German gunboat Panther in sinking the Crete-a-Pierrot.

**Shot by His Son-in-Law.**

Boston, Sept. 8.—John C. Lehmann was shot in the abdomen during a quarrel here by his son-in-law, James C. Duane, a prominent business man of this city and Brooklyn, and died of his wounds. The shooting is said to have been the outcome of a series of family quarrels. Duane is under arrest.

**REBEL WARSHIP SUNK**

Destroyed by a German Gunboat in Gonaives Harbor.

**DESERTED BY CREW**

Surrender Was Demanded by the Germans and When the Crew Left the Vessel They Applied the Torch—Full Particulars Are Yet Lacking.

Cape Haitien, Haiti, Sept. 8.—The gunboat Crete-a-Pierrot, which was in the service of the Firminist party, but has been sunk at the entrance of the harbor of Gonaives by the German gunboat Panther. The crew of the Crete-a-Pierrot left her before she went down.

The German gunboat Panther arrived at Port au Prince on Sept. 5. It was announced from Cape Haitien on Sept. 5 that the German steamer Markhowanna, Capt. Hansen, belonging to the Hamburg-American Packet company, having on board arms and ammunition sent by the provisional government to Cape Haitien, had been stopped on Sept. 5 by the Firminist gunboat Crete-a-Pierrot at the entrance to the harbor of Cape Haitien and that an armed force sent on board the steamer from the gunboat took possession of the war munitions, in spite of the protestations of Capt. Hansen and the German consul.

The capture of the vessel has been characterized as an act of piracy, but a dispatch from Berlin to the Associated Press, dated Sept. 6, said that German government circles did not take a tragic view of the seizure of the German vessel, but that satisfaction would be demanded. The foreign officials agree with the views held by the foreign consuls at Port au Prince that the action of the Crete-a-Pierrot was piracy, but it was not known, said the dispatch, whether satisfaction would be demanded from General Firmin or whether the results of the revolution in Haiti would be awaited.

**While the Warship Was Burning the Germans Sink Her.**

Port-au-Prince, Sept. 8.—The German gunboat Panther arrived here Sept. 5 and received instructions from the German government to capture the Firminist gunboat Crete-a-Pierrot. She left immediately for Gonaives, the seat of the Firminist government. The Panther found the Crete-a-Pierrot in the harbor of Gonaives, and the commander of the German gunboat informed Admiral Killick on the Crete-a-Pierrot that he must remove his crew and surrender his vessel in five minutes. Admiral Killick asked that this time be extended to fifteen minutes. This request was granted on the condition that the arms and ammunition on board the Crete-a-Pierrot should be abandoned when the crew left her.

The crew of the Crete-a-Pierrot left the vessel amid great disorder. At the end of fifteen minutes the Panther sent a small boat carrying an officer and twenty sailors who were to take possession of the Firminist gunboat. When the men had arrived at a point about thirty yards from the Crete-a-Pierrot flames were seen to break out on board of her. She had been fired by her crew before they left her. The Panther then fired on the Crete-a-Pierrot until she was completely immersed. Thirty shots all told were fired.

**VIEW AT WASHINGTON.**

Unless Germans Seize Territory the Incident Will Be Dropped.

Washington, Sept. 8.—The destruction of the Crete-a-Pierrot without doubt will be made the subject of an official report to this government by United States Minister Powell, who is now at Port au Prince. Pending the receipt of that report there is, in the opinion of officials here who have kept in touch with affairs, little likelihood of any action by the state department, and, indeed, judging from the character of the instructions transmitted through the navy department to Commander McRea of the Machias, there will be little disposition to question the justice of the treatment accorded Admiral Killick unless an attempt is made by Germany to lay claim or seize territory.

### TWO FATALLY SHOT.

Negro Shoots Two Men and Is Himself  
Wounded and Jailed.

Memphis, Sept. 8.—A special to the  
Commercial Appeal from Warsaw says  
two men were fatally shot and two se-  
riously injured in the net result of a  
fight between three white men and a  
negro on a passenger train near here  
Sunday. Baldy Taylor entered the car  
for whites to find seats for two negro  
women. He was told by a passenger  
that he was in the wrong car. Taylor  
then drew a revolver and began firing  
indiscriminately.

H. C. Fisher of Rose, Ark., was prob-  
ably fatally shot and paralysis has set  
in.

E. R. Hume, also of Rose, was mor-  
tally wounded by a bullet from the ne-  
gro's pistol.

E. W. Schultz, who is a traveling  
man, was seriously, although not dan-  
gerously shot.

Hume fired upon the negro, the ball  
striking him in the breast. His wound  
is not serious.

Taylor was arrested and brought to  
the Osceola jail, while the wounded  
men were placed in a hospital here.

It is reported that a mob is being  
formed for the purpose of lynching  
Taylor. Hume and Fisher are well  
known business men of Rose.

### WOUNDED MEN DEAD.

Another Believed to Be Fatally Wound-  
ed, but Other Will Recover.

Memphis, Sept. 8.—A telephone  
message from Osceola, Ark., reports  
the death of E. R. Hume, who with  
two other white men, H. C. Fisher and  
E. W. Schulte, was shot by "Baldy"  
Taylor, a negro, on the train eight  
miles from Osceola Sunday afternoon.  
Fisher is believed to be fatally wound-  
ed, but Schulte will recover. Taylor  
is still in jail at Osceola, the mob that  
threatened him with lynching Sunday  
night having dispersed. The sheriff  
will take the prisoner to Little Rock  
for safe keeping.

### Forest Fire in Wyoming.

Laramie, Wyo., Sept. 8.—Persons  
who have arrived here from the Ram-  
bler mine report a big forest fire just  
south of Holmes in which district the  
mine is located. It is burning in the  
district 5 or 6 miles south of the mine  
and has destroyed the property of the  
White Swan Mining company. The  
fire is not now being stated. The fire  
is still raging in the timber and is  
threatening properties in the Keystone  
District.

### Mangled by a Train.

Laredo, Tex., Sept. 8.—Indalecio  
Hale, a brakeman on the Mexican Na-  
tion railroad, met with an awful death  
thirty miles this side of Monterrey. In  
answering an emergency call for brakes  
the chain on the brake rod he was set-  
ting broke, which precipitated him be-  
tween the cars, where he was mangled  
by the wheels.

### MAGAZINE EXPLODES.

One Soldier Killed, Five Injured and  
Two Are Missing.

Boston, Mass., Sept. 8.—One of the  
powder magazines at old Fort Winth-  
rop on Governor's Island, upper Bos-  
ton harbor, blew up Sunday night with  
a detonation that was heard at points  
twenty miles away. The cause of the  
explosion is not known. One dead man  
and five injured were brought to this  
city and two are missing.

The dead man's name is A. H. Cotton  
of Somerville, Mass.

The injured are:

James A. Crowley, Christian Knud-  
son, Charles Flannagan, Dennis J.  
Swanson and Paul Barry, all having  
flesh wounds, besides suffering from  
shock.

The missing are: Joseph E. Wake-  
field and James Ryan.

There are several old ramshackle  
wooden buildings at the southerly end  
of the island, but the fort itself, only a  
little of which is visible above ground,  
is of stone, some of the granite blocks  
being of immense size.

The force of the explosion is shown  
by the fact that some of these great  
blocks were hurled several hundred  
yards, while one of the largest was  
sent out into the air and came down  
through the citadel in the center of the  
fort, making a hole large enough to  
drive a team of horses through. All  
over the island the effects of the ex-  
plosion are visible, while in east Bos-  
ton, south Boston and in the city prom-

er the concussion was severe enough  
to break windows and shake buildings  
to their foundations. During the after-  
noon there were several hundred pleas-  
ure seekers on the island and of that  
number fully 150 were within a radius  
of 200 yards of the fort. All were cov-  
ered with dirt and other debris and  
many were thrown to the ground by  
the concussion.

Sergeant Shaw, in charge of the  
premises, was at his quarters at the  
other end of the island when the ex-  
plosion occurred.

### MAY BE TROUBLE YET.

London Newspapers Comment on De-  
struction of Firmist Gunboat.

London, Sept. 8.—Few of the after-  
noon newspapers, in commenting on  
the subject of the sinking of the Firm-  
ist gunboat Crete-a-Pierrot by the  
German gunboat Panther at the en-  
trance of Gonavies harbor, may prove  
controversial.

"Summary revenge may be taken for  
a breach of international courtesy,"  
says the St. James Gazette.

"It is like breaking the frailest but-  
terfly on the largest wheel. Suppos-  
ing the butterfly's big neighbor takes  
a hand in the game, matters may be-  
come almost serious."

The Westminster Gazette, speculat-  
ing on the matter, holds that "noth-  
ing in Monroeism prevents the big  
continental power from boxing the ears  
of a troublesome boy on the other hem-  
isphere, so long as the big boy does  
not proceed to eat or otherwise annex  
the small one."

A lady was knocked down by a  
bicycle in San Antonio and badly  
injured. This reminds us that the  
bikers should be required to ob-  
serve the law and stay in the  
streets with other vehicles. They  
have no business on the plank  
walks and sidewalks and the  
rights of pedestrians should be  
protected.

### THE COAL STRIKE.

**Eighteenth Week Finds Lines Drawn as  
Tightly as at First.**

Philadelphia, Sept. 8.—The anthracite  
mine workers' strike enters upon  
its eighteenth week today with the  
lines between the operatives and the  
mine owners drawn almost as tightly  
as when the suspension was inaugurated  
on May 12. There were many predic-  
tions that the contest would be over  
by the first week in September but if  
the officials of the Mine Workers' Union  
are to be believed the struggle will con-  
tinue for months unless the coal com-  
panies grant concessions. Some of the  
operators looked for a serious break in  
the ranks of the men weeks ago and  
admit they are surprised at the way  
the strikers are holding out. Rumors  
are current and, in fact, statements  
have been made by prominent men  
both in and out of the coal trade, that  
the strike will be ended this month.

Last week more coal left the mining  
regions than in any previous weeks  
since the strike began. Statements  
have been made by mining officials that  
the shipments for the last six work-  
ing days aggregated 100,000. The nor-  
mal weekly output is a little more than  
1,000,000 tons. The strikers and their  
officials dispute the claims of the min-  
ing superintendents.

The number of men at work through-  
out the entire anthracite territory is  
difficult to obtain. It is safe to say,  
however, the number, compared with  
the total number of workers (estimated  
at 145,000), is small and that among  
those at work the certificate miners are  
few.

The coal companies say they have  
long lists of names of men who are  
ready to return to work but are un-  
willing to take the chance because they  
fear violence. With the coming of  
cooler weather the companies look for  
a break, saying that the relief now  
coming to the mine workers will not  
hold out long and that they will be  
compelled to return to prepare for  
the winter which usually is a rigorous  
one in the mountain regions.

Company officials do not look for  
a rapid decline in the price of coal  
if the strike is over, because the de-  
mand will be greater than the supply.  
It is estimated that not more than 75  
per cent of the mines will be in con-  
dition for immediate operation when  
the strike is ended.

### SENATOR ROACH DEAD.

**He Dies at New York After Long Illness  
from Cancer.**

New York, Sept. 8.—William Na-  
thaniel Roach, who was United States  
senator from North Dakota from 1893  
to 1899, died here Sunday. He had  
been ill from cancer almost from his  
coming to this city, where he had made  
his home after retiring from the sen-  
ate. Under special treatment here he  
progressed favorably, and about a  
month ago it was announced that he  
was out of danger. He suffered a re-  
lapse, however, and died after having  
been confined to his bed for ten  
months.

William N. Roach was born in Wash-  
ington, Sept. 25, 1840. He was gradu-  
ated from Georgetown university. He  
served as a clerk in the United States  
quartermaster's department during the  
civil war. He removed to Dakota ter-  
ritory in 1879, and having secured mail  
contracts, established a number of  
overland mail routes. Mr. Roach was  
twice the Democratic nominee for gov-  
ernor, but was defeated on both occa-  
sions.

### AT CHATTANOOGA

**President Inspects Chickamauga and Re-  
ceived Cordially by the People**

Chattanooga, Sept. 8.—President  
Roosevelt was the guest Sunday of the  
citizens of Chattanooga and right roy-  
ally they entertained him. He came  
to Chattanooga primarily to attend  
the national convention of the Broth-  
erhood of Locomotive Firemen and to-  
day he will be the guest of the railroad  
men, but Sunday Chattanooga as a  
whole entertained him.

From early morning until late Sun-  
day evening he was driven from one  
historic place to another, and the de-  
tails of the battles that have made  
this city famous were explained to him  
by men who were participants in the  
struggles, and at night he attended  
services at the First Baptist church.

At the conclusion of the review  
the Miles cavalry went through their  
new callisthenic drill. The troops were  
dismounted and to the accompaniment  
of the band performed their evolu-  
tions. The president at first was dis-  
inclined to witness a drill on Sunday,  
but upon its being represented to him  
that the men were particularly anx-  
ious that he should see the drill and  
this was the only opportunity he would  
have to do so, he consented. Luncheon  
was served soon afterwards, and then  
divine services, which the president at-  
tended, were held on the parade  
ground.

The services were conducted by  
Evangelist Porter and were of a very  
impressive nature. At their conclusion  
the president made a short address to  
the soldiers. He complimented them  
upon their soldierly appearance and  
also for the splendid drill they had put  
up. He said he had enjoyed his ride  
with them very much. His remarks  
were frequently interrupted by hand-  
clapping and when he concluded, the  
soldiers, led by Colonel Baldwin, gave  
them three hearty cheers.

A very pleasing incident occurred  
shortly before the president resumed  
his inspection of the battlefield. A de-  
legation of citizens of Georgia, headed  
by H. R. Harper of Rome, presented  
to him a cane cut from the Chicka-  
mauga battlefield. It is of hickory,  
with a silver head and band suitably  
inscribed. On the head is the follow-  
ing:

"Presented to President Roosevelt  
by citizens of the Seventh congress-  
sional district of Georgia, Sept. 7,  
1902."

On the band are the names of six  
of the generals who participated in the  
battle of Chickamauga—Longstreet,  
Wheeler, Hood, Rosecrans, Thomas  
and Boynton. The Seventh Georgia  
district was the home of President  
Roosevelt's mother, and he alluded to  
this fact in accepting the gift.

When he resumed his inspection of  
the battlefield, the president dispensed  
with the cavalry escort and entered a  
carriage with General Boynton, Secre-  
tary Cortelyou and acting Grand Mas-  
ter Hannahan, one of the Brotherhood  
of Locomotive Firemen, whose con-  
vention begins here to-day. Snodgrass  
tower, which is 70 feet high, was soon  
reached and notwithstanding the warm  
weather the president walked to the  
top, where a splendid view of the bat-  
tlefield was obtained. General Boy-  
nton and Captain M. Smith pointed the  
many points of interest and explained  
the positions occupied by the different  
commands.

One of the incidents of the day  
which pleased the president very much  
was the meeting of three members of  
his old command who served with him  
in Cuba. They were Lieutenants Cart-  
well and Palmer of the Seventh cav-  
alry, both serving with him as pri-  
vates, and Mr. Crocker of Georgia, was  
with the president at San Juan.

The president to-day will address  
the convention of the Brotherhood of  
Locomotive Firemen and also the citi-  
zens of Chattanooga from a stand  
erected near the courthouse. He will  
leave for Knoxville this afternoon.

### FIGHT IN TERRITORY.

**A Preacher Killed and His Son and An-  
other Man Wounded.**

Durant, I. T., Sept. 8.—A bloody bat-  
tle occurred about 10 miles east of  
here Saturday night about sundown  
between Rev. W. F. Whaley and his  
two sons, Alf and Earnest, in which  
the elder Whaley lost his life and Alf  
had both arms torn to pieces. J. A.  
Richardson received a severe flesh  
wound on the under part of his thigh.

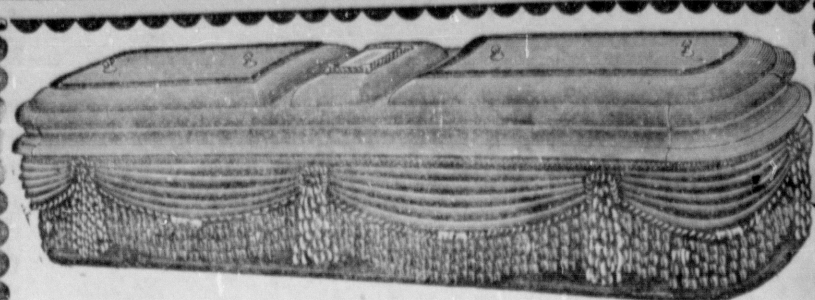

The Whaleys and Richardsons are  
said to have been at outs for several  
months, and Saturday as the Rich-  
ardsons were returning home from Du-  
rant in a wagon the Whaleys, who had  
just gone home and put up their team,  
met the Richardsons, with the above  
result. On the other side were J. H.  
Richardson and J. A. Richardson, his  
brother, and their brother-in-law, Mr.  
Wattenberger. The Whaleys had two  
pistols, two winchesters and one  
double-barreled shotgun and the Rich-  
ardsons had a shotgun and a winches-  
ter. The Richardsons lost two fine  
mules which were hitched to the  
wagon.

### Will Try to Prevent Fight.

Louisville, Sept. 8.—Most of the  
Louisville ministers notified their con-  
gregations Sunday that a mass-meet-  
ing would be held this week to take  
action looking to the prevention of the  
fight between McGovern and Young  
Corbett, scheduled for Sept. 22. At this  
meeting a petition will be drawn up  
for presentation to Governor Beckham  
asking him to stop the fight. The  
Young Men's Christian Association is  
back of the movement.

### Identified as Bartholin.

Rice Villa, Ia., Sept. 8.—The body  
which was buried here Saturday morn-  
ing, and which was believed to be that  
of William Bartholin, has been ex-  
humed and positively identified as that  
of the Chicago double murderer. The  
identification was made by William  
Mitchell, a brother of Bartholin's mur-  
dered sweetheart, and Lieutenant Re-  
ban of Chicago.

### TWO FATALLY SHOT.

Negro shoots Two Men and Is Himself  
Wounded and Jailed.

Memphis, Sept. 8.—A special to the  
Commercial Appeal from Warsaw says  
two men were fatally shot and two se-  
riously injured in the net result of a  
fight between three white men and a  
negro on a passenger train near here  
Sunday. Baldy Taylor entered the car  
for whites to find seats for two negro  
women. He was told by a passenger  
that he was in the wrong car. Taylor  
then drew a revolver and began firing  
indiscriminately.

H. C. Fisher of Rose, Ark., was prob-  
ably fatally shot and paralysis has set  
in.  
E. R. Hume, also of Rose, was mor-  
tally wounded by a bullet from the ne-  
gro's pistol.  
E. W. Schultz, who is a traveling  
man, was seriously, although not dan-  
gerously shot.

Hume fired upon the negro, the ball  
striking him in the breast. His wound  
is not serious.  
Taylor was arrested and brought to  
the Osceola jail, while the wounded  
men were placed in a hospital here.  
It is reported that a mob is being  
formed for the purpose of lynching  
Taylor. Hume and Fisher are well  
known business men of Rosa.

### WOUNDED MEN DEAD.

Another Believed to Be Fatally Wound-  
ed, but Other Will Recover.

Memphis, Sept. 8.—A telephone  
message from Osceola, Ark., reports  
the death of E. R. Hume, who with  
two other white men, H. C. Fisher and  
E. W. Schultz, was shot by "Baldy"  
Taylor, a negro, on the train eight  
miles from Osceola Sunday afternoon.  
Fisher is believed to be fatally wound-  
ed, but Schultz will recover. Taylor  
is still in jail at Osceola, the mob that  
threatened him with lynching Sunday  
night having dispersed. The sheriff  
will take the prisoner to Little Rock  
for safe keeping.

### Forest Fire in Wyoming.

Laramie, Wyo., Sept. 8.—Persons  
who have arrived here from the Ram-  
bler mine report a big forest fire just  
south of Holmes in which district the  
mine is located. It is burning in the  
district 5 or 6 miles south of the mine  
and has destroyed the property of the  
White Swan Mining company. The fire  
loss can not now be stated. The fire  
is still raging in the timber and is  
threatening properties in the Keystone  
district.

### Mangled by a Train.

Laredo, Tex., Sept. 8.—Indalecio  
Hale, a brakeman on the Mexican Na-  
tion railroad, met with an awful death  
this side of Monterrey. In thirty miles this side of Monterrey  
answering an emergency call for brakes  
the chain on the brake rod he was set-  
ting broke, which precipitated him be-  
tween the cars, where he was mangled  
by the wheels.

### MAGAZINE EXPLODES.

One Soldier Killed, Five Injured and  
Two Are Missing.

Boston, Mass., Sept. 8.—One of the  
powder magazines at old Fort Winth-  
rop on Governor's Island, upper Bos-  
ton harbor, blew up Sunday night with  
a detonation that was heard at points  
twenty miles away. The cause of the  
explosion is not known. One dead man  
and five injured were brought to this  
city and two are missing.

The dead man's name is A. H. Cotton  
of Somerville, Mass.

The injured are:  
James A. Crowley, Christian Knud-  
son, Charles Flannagan, Dennis J.  
Swanson and Paul Barry, all having  
flesh wounds, besides suffering from  
shock.

The missing are: Joseph E. Wake-  
field and James Ryan.

There are several old ramshackle  
wooden buildings at the southerly end  
of the island, but the fort itself, only a  
little of which is visible above ground,  
is of stone, some of the granite blocks  
being of immense size.

The force of the explosion is shown  
by the fact that some of these great  
yards, while one of the largest was  
sent out into the air and came down  
through the citadel in the center of the  
fort, making a hole large enough to  
drive a team of horses through. All  
over the island the effects of the ex-  
plosion are visible, while in east Bos-  
ton and in the city proper

er the concussion was severe enough  
to break windows and shake buildings  
to their foundations. During the after-  
noon there were several hundred pleas-  
ure seekers on the island and of that  
number fully 150 were within a radius  
of 200 yards of the fort. All were cov-  
ered with dirt and other debris and  
many were thrown to the ground by  
the concussion.  
Sergeant Shaw, in charge of the  
premises, was at his quarters at the  
other end of the island when the ex-  
plosion occurred.

### MAY BE TROUBLE YET.

London Newspapers Comment on De-  
struction of Firmist Gunboat.  
London, Sept. 8.—Few of the after-  
noon newspapers, in commenting on  
the subject of the sinking of the Firm-  
ist gunboat Crete-a-Pierrot by the  
German gunboat Panther at the en-  
trance of Gonavies harbor, may prove  
controversial.

"Summary revenge may be taken for  
a breach of international courtesy,"  
says the St. James Gazette.

"It is like breaking the frailest but-  
terfly on the largest wheel. Suppos-  
ing the butterfly's big neighbor takes  
a hand in the game, matters may be-  
come almost serious."  
The Westminster Gazette, speculat-  
ing on the matter, holds that "noth-  
ing in Monroeism prevents the big  
continental power from boxing the ears  
of a troublesome boy on the other hem-  
isphere, so long as the big boy does  
not proceed to eat or otherwise annex  
the small one."

### THE COAL STRIKE.

Eighteenth Week Finds Lines Drawn as  
Tightly as at First.

Philadelphia, Sept. 8.—The anthracite mine workers' strike enters upon its eighteenth week today with the lines between the operatives and the mine owners drawn almost as tightly as when the suspension was inaugurated on May 12. There were many predictions that the contest would be over by the first week in September but if the officials of the Mine Workers' Union are to be believed the struggle will continue for months unless the coal companies grant concessions. Some of the operators looked for a serious break in the ranks of the men weeks ago and admit they are surprised at the way the strikers are holding out. Rumors are current and, in fact, statements have been made by prominent men both in and out of the coal trade, that the strike will be ended this month.

Last week more coal left the mining regions than in any previous weeks since the strike began. Statements have been made by mining officials that the shipments for the last six working days aggregated 100,000. The normal weekly output is a little more than 1,000,000 tons. The strikers and their officials dispute the claims of the mining superintendents.

The number of men at work throughout the entire anthracite territory is difficult to obtain. It is safe to say, however, the number, compared with the total number of workers (estimated at 145,000), is small and that among those at work the certificate miners are few.

The coal companies say they have long lists of names of men who are ready to return to work but are unwilling to take the chance because they fear violence. With the coming of cooler weather the companies look for a break, saying that the relief now coming to the mine workers will not hold out long and that they will be compelled to return to prepare for the winter which usually is a rigorous one in the mountain regions.

Company officials do not look for a rapid decline in the price of coal if the strike is over, because the demand will be greater than the supply. It is estimated that not more than 75 per cent of the mines will be in condition for immediate operation when the strike is ended.

### SENATOR ROACH DEAD.

He Dies at New York After Long Illness from Cancer.

New York, Sept. 8.—William Nathaniel Roach, who was United States senator from North Dakota from 1893 to 1899, died here Sunday. He had been ill from cancer almost from his coming to this city, where he had made his home after retiring from the senate. Under special treatment here he progressed favorably, and about a month ago it was announced that he was out of danger. He suffered a relapse, however, and died after having been confined to his bed for ten months.

William N. Roach was born in Washington, Sept. 25, 1840. He was graduated from Georgetown university. He served as a clerk in the United States quartermaster's department during the civil war. He removed to Dakota territory in 1879, and having secured mail contracts, established a number of overland mail routes. Mr. Roach was twice the Democratic nominee for governor, but was defeated on both occasions.

### AT CHATTANOOGA

President Inspects Chickamauga and Received Cordially by the People

Chattanooga, Sept. 8.—President Roosevelt was the guest Sunday of the citizens of Chattanooga and right royally they entertained him. He came to Chattanooga primarily to attend the national convention of the Brotherhood of Locomotive Firemen and today he will be the guest of the railroad men, but Sunday Chattanooga as a whole entertained him.

From early morning until late Sunday evening he was driven from one historic place to another, and the details of the battles that have made this city famous were explained to him by men who were participants in the struggles, and at night he attended services at the First Baptist church.

At the conclusion of the review the Miles cavalry went through their new callisthenic drill. The troops were dismounted and to the accompaniment of the band performed their evolutions. The president at first was disinclined to witness a drill on Sunday, but upon its being represented to him that the men were particularly anxious that he should see the drill and this was the only opportunity he would have to do so, he consented. Luncheon was served soon afterwards, and then divine services, which the president attended, were held on the parade ground.

The services were conducted by Evangelist Porter and were of a very impressive nature. At their conclusion the president made a short address to the soldiers. He complimented them upon their soldierly appearance and also for the splendid drill they had put up. He said he had enjoyed his ride with them very much. His remarks were frequently interrupted by hand-clapping and when he concluded, the soldiers, led by Colonel Baldwin, gave them three hearty cheers.

A very pleasing incident occurred shortly before the president resumed his inspection of the battlefield. A delegation of citizens of Georgia, headed by H. R. Harper of Rome, presented to him a cane cut from the Chickamauga battlefield. It is of hickory, with a silver head and band suitably inscribed. On the head is the following:

"Presented to President Roosevelt by citizens of the Seventh congressional district of Georgia, Sept. 7, 1902."

On the band are the names of six of the generals who participated in the battle of Chickamauga—Longstreet, Wheeler, Hood, Rosecrans, Thomas and Boynton. The Seventh Georgia district was the home of President Roosevelt's mother, and he alluded to this fact in accepting the gift.

When he resumed his inspection of the battlefield, the president dispensed with the cavalry escort and entered a carriage with General Boynton, Secretary Cortelyou and acting Grand Master Hannahan, one of the Brotherhood of Locomotive Firemen, whose convention begins here to-day. Snodgrass tower, which is 70 feet high, was soon reached and notwithstanding the warm weather the president walked to the top, where a splendid view of the battlefield was obtained. General Boynton and Captain M. Smith pointed the many points of interest and explained the positions occupied by the different commands.

One of the incidents of the day which pleased the president very much was the meeting of three members of his old command who served with him in Cuba. They were Lieutenants Cartwell and Palmer of the Seventh cavalry, both serving with him as privates, and Mr. Crocker of Georgia, was with the president at San Juan.

The president to-day will address the convention of the Brotherhood of Locomotive Firemen and also the citizens of Chattanooga from a stand erected near the courthouse. He will leave for Knoxville this afternoon.

### FIGHT IN TERRITORY.

A Preacher Killed and His Son and Another Man Wounded.

Durant, I. T., Sept. 8.—A bloody battle occurred about 10 miles east of here Saturday night about sundown between Rev. W. F. Whaley and his two sons, Alf and Earnest, in which the elder Whaley lost his life and Alf had both arms torn to pieces. J. A. Richardson received a severe flesh wound on the under part of his thigh.

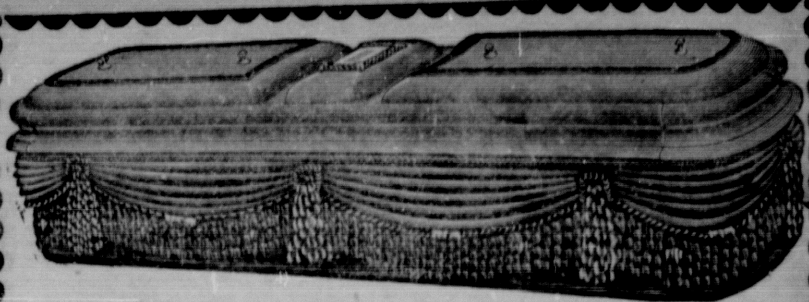

The Whaleys and Richardsons are said to have been at outs for several months, and Saturday as the Richardsons were returning home from Durant in a wagon the Whaleys, who had just gone home and put up their team, met the Richardsons, with the above result. On the other side were J. H. Richardson and J. A. Richardson, his brother, and their brother-in-law, Mr. Wattenberger. The Whaleys had two pistols, two winchesters and one double-barreled shotgun and the Richardsons had a shot-gun and a winchester. The Richardsons lost two fine mules which were hitched to the wagon.

### Will Try to Prevent Fight.

Louisville, Sept. 8.—Most of the Louisville ministers notified their congregations Sunday that a mass-meeting would be held this week to take action looking to the prevention of the fight between McGovern and Young Corbett, scheduled for Sept. 22. At this meeting a petition will be drawn up for presentation to Governor Beckham asking him to stop the fight. The Young Men's Christian Association is back of the movement.

### Identified as Bartholin.

Rice Villa, Ia., Sept. 8.—The body which was buried here Saturday morning, and which was believed to be that of William Bartholin, has been exhumed and positively identified as that of the Chicago double murderer. The identification was made by William Mitchell, a brother of Bartholin's murdered sweetheart, and Lieutenant Rehan of Chicago.
